Dear Mr Frigon

Please feel free to use any data you wish. Unfortunately we do not have any more information on Angus Fregon. If we find something we will let you know.

Cheers

The Fregons of Australia are part of the great Frigon family. I found on your website that Angus Fregon played a football game in 1906. I would like to include on our website this statistical table in the notes about him. Our site is: frigon.org If you have any other notes about any Australian Fregon, please let us know. Thank you for your time.
