Hello George + Aron,

I have been trying to call you for several days and can't get to you,

I am doing fine but I don't know if you know of my problem. I wrote to the paper and told them but don't know if you were ever told I also sent a picture of me age 94

What I am wanting to know if they ever built the museum some one told my grandson in Chicago he knew Freigon they are important people in Canada as they have built a museum but it never did come out in the bulletin please let me hear from you.

Love
